AI CONSULTING · CYPRUS

The mark and the wordmark

Usage rules

White logo on dark surfaces (default) · **black logo** on light surfaces only
Full wordmark in headers and covers · DM mark for footers, favicons, avatars
Clearspace: height of the D on all sides · never recolour, stretch, or add effects
Nav size on web: **36px** tall · footer mark: **28px** tall

Dark canvas, one electric accent

Ink
#05080A
Page background

Surface
#0A0F12
Panels, cards, nav

Raised
#0E1519
Form fields, elevated UI

Bone
#E8F1EE
Primary text

Mist
#9DB4B0
Secondary text, body copy

Teal Bright
#3FFFD9
Gradient start, focus rings

Teal
#17E8C2
The accent. Links, labels, glow

Teal Deep
#0A9D84
Gradient end, depth

Hairlines & borders

Line: **rgba(148, 210, 200, 0.10)** — all dividers and card borders. Never solid grey; borders always carry a hint of the teal family.

Ratio

Dark surfaces **~90%** · text tones **~8%** · teal **~2%**. The accent is loud because it is rare. Never use teal for large fills or backgrounds.

Glow, don't paint

Action gradient

linear-gradient(135deg,
#3FFFD9, #17E8C2 55%, #0FB99B)
Primary buttons only

advantage

Text gradient

linear-gradient(100deg,
#3FFFD9, #17E8C2 45%, #0FB99B)
One keyword per headline, max

Atmospheric glow

radial-gradient(ellipse, rgba(23,232,194,
0.10–0.13), transparent 65%)
Hero & section backgrounds

Shadows

Button rest: `0 0 0 1px rgba(63,255,217,0.35), 0 8px 32px -8px rgba(23,232,194,0.45)`
Button hover: ring 0.55, glow 48px at 0.65, lift `translateY(-2px)`
Shadows are teal light, never black. No drop shadows on text or cards at rest.

Grid texture

64px grid of 1px lines at `rgba(148,210,200,0.035)`, masked with a radial fade from the top. Hero sections only. Decorative gradients never replace real content.

Three voices, one system

DISPLAY — **Bricolage Grotesque** 400–800 · Google Fonts

Turn AI from experiment into your advantage

BODY — **Figtree** 400–600

Most companies are stuck piloting. We help B2B leaders build AI capability that compounds — strategy that ships, teams that use it, and content that gets cited.

LABELS — **JetBrains Mono** 400–500

AI CONSULTING — STRATEGY · TRAINING · CONTENT

Scale (web)

Hero H1: **84px / 1.02** (desktop), 48px mobile
Section H2: **48px / 1.15**
Card H3: **18–28px / 1.2**
Body: **16–18px / 1.6**
Mono labels: **13px**, tracking 0.2em
Tag chips: **11px** mono

Headline pattern: first line bone, second line **mist at 60%**, one gradient keyword.

Casing rules

Headlines: **Sentence case**
CTAs: **Title Case**
Data labels & eyebrows: **ALL CAPS** mono
No emoji, anywhere.

The working parts

Buttons

Book a Strategy Call

Explore Services

Radius 8px · padding 14×28px · hover lifts -2px. One primary CTA per view: Book a Strategy Call.

Form fields

you@company.com

Raised bg at 60% · border rgba(148,210,200,0.14) · radius 8px · focus: teal border + 3px teal ring at 12% · mono ALL CAPS labels above.

Tag chips

READINESS AUDIT TOOL SELECTION

Full-round pill · 11px mono caps · hairline border · never filled, never coloured.

Service rows & panels

Service rows: hairline top border, 2px teal gradient left edge on hover, number turns teal, arrow (↗) brightens and shifts. Cardless by default — cards only when clickable.

Step panels: radius 16px, gradient fill from teal 5% to raised 40%, hover lifts -4px and border brightens to teal 30%.

Navigation

Fixed, 64px tall, glass blur 16px over ink at 72% · mono caps links · dropdown: glass panel, radius 12px · mobile: hamburger, 1.5px stroke.

How it moves and speaks

Spacing & layout

Base grid: **4px** — every measure is a multiple
Content width: **max 1152px** (max-w-6xl)
Page gutters: 24px mobile, 32px desktop
Section padding: **112–144px** vertical
Card padding: 28px · grid gaps: 20px

Motion

Curve: **cubic-bezier(0.2, 0.8, 0.2, 1)**
Hero entrance: rise 28px + fade, 0.9s, staggered 0.05–0.62s
Scroll reveal: rise 32px, 0.8s, at 15% visibility
Hovers: 0.25–0.35s · respects **prefers-reduced-motion**
Icons: Lucide, **1.5px stroke**, monochrome only

Voice

Confident, intelligent, professional — not corporate, not casual
Lead with insight, then the offer
AI supports human decisions — never replaces them
No performance claims or guarantees
Short sentences. One idea per section.

Headline formula

Line one states the promise in bone white. Line two dims to mist. One word — the payoff — gets the teal gradient. Examples from the site: "Turn AI from experiment into your **advantage**" · "AI strategy that ships, not **slideware**" · "Get cited where your buyers **now ask**".
